	50X1-HUM	
	On 4 October 1954. an overhead telephone line was seen east of Eurg. It ran along the Reesen-Hohenseeden road toward the northwest via the Ihle Kanal, proceeded east of Ihleburg and, from there, ran to the ferrying point near Parchau and on toward Kobbel. A second line branched off at the ferrying point near Parchau and ran via Kehnert and south of Mahlwinkel, crossed the railroad line and turned toward the northwest. Another line ran from Kobbel along the Birkholz-Tangerhuette road, crossed the railroad line south of Tangerhuette and went toward the west a bridge was bridge was bridge.	
	Ihle Kanal, proceeded east of Ihleburg and, from there, ran to the ferrying point near Parchau and on toward Kobbel. A second line branched off at the ferrying point near Parchau and ran via Kehnert and south of Mahlwinkel, crossed the railroad line and turned toward the northwest. Another line ran from Kobbel along the Birkholz—Tangerhuette road, crossed the railroad line south of Tangerhuette and went toward the west. A bridge was built over the Elbe River between Parchau and Kehnert. Numerous tracks of motor vehicles which ran in all directions along the western bank of the river indicated that a bridge head was formed on the western bank in the cour50X1-HUM attack which was directed westward across the Elbe. 1	
	The Kanal, proceeded east of Ihleburg and, from there, ran to the ferrying point near Parchau and on toward Kobbel. A second line branched off at the ferrying point near Farchau and ran via Kehnert and south of Mahlwinkel, crossed the railroad line and turned toward the northwest. Another line ran from Kobbel along the Birkholz-Tangerhuette road, crossed the railroad line south of Tangerhuette and went toward the west. A bridge was built over the Elbe River between Parchau and Kehnert. Numerous tracks of motor vehicles which ran in all directions along the western bank of the river indicated that a bridge head was formed on the western bank in the cour50X1-HUM attack which was directed westward across the Elbe. 1 At 1300 on 4 October. trucks drove along the Tangerhuette-Luederitz road (15 km southwest of Stendal); 10 trucks drove along the Tangerhuette-Luederitz road from Tangerhuette toward Dolle. At about 1400, many wehicles and carks were seen in the woods southeast of Luederitz, on either side of the Luederitz-Dolle road. About 30 camouflaged trucks were parked in a woods west of Mahlpfuhl (west of Tangerhuette). At about 1500, about 25 trucks and 4 M-13 rocket launchers	50X1-HUI 50X1-HUI 50X1-HUI
